

▶ Adjustable Inspection Stand Model No. AIS-1

▶ The Cantrell U.S.D.A. approved Adjustable Inspection Stand is constructed entirely of heavy-duty stainless steel with a fiber grate platform. Up/down adjustment is made simple with the use of a machine screw actuator and a spring-activated switch. The Inspection Stand is available with operator seat, backrest and footrest and is available in air, electric or hydraulic.

Adjustable Inspection Stand Model No. AIS-1
