

# SHACKLE WASHER

Model No. CSW-4

The Cantrell Shackle Washer is designed to automatically clean and sanitize the conveyor shackles, hangers and ties without manual labor. Adjustments can be made to clean the chain and trolleys as well. The two motor-driven nylon brushes and inside water jets carefully clean all surfaces that pass between the brushes. The Shackle Washer is USDA approved and can be supplied with either a detergent or sanitary disinfectant in addition to a portable water rinse hood-up.
